

**Federal Trade Commission (“FTC”)
Identity Theft – A Recovery Plan**

Protecting your personal information can help reduce your risk of identity theft. There are four main ways to do it: know who you share information with; store and dispose of your personal information securely, especially your Social Security number; ask questions before deciding to share your personal information; and maintain appropriate security on your computers and other electronic devices.

Visit IdentityTheft.gov for the FTC’s most up-to-date information. Please review this publication issued by the Federal Trade Commission on Identity Theft – A Recovery Plan.
